Profile

Dedicated Senior Ruby on Rails Developer with over 18 years of experience in developing and maintaining web applications. Focused on the backend technologies, but familiar with the most common frontend tools as well. Seeking a challenging opportunity to continue honing my expertise and contribute to innovative projects in a dynamic team environment.

Work Experience

Senior Ruby on Rails Developer Polcode

09/2015 - 04/2024 WARSAW, POLAND

- Extended and upgraded the RightPhoto application by adding new imports from stock photo provider APIs and importing provided photo collections to the ecommerce portion of the application
- Cooperated with another developer on implementing a completely new application layout and related upgrades for the elearning platform Alludo
- Completed various smaller projects for different Polcode clients, including upgrades of earlier Ruby on Rails versions and implementing minor fixes and additional features in client applications

Javascript / Ruby on Rails Developer Fat Dog Games

2014 - 2015 WARSAW, POLAND

- Developed HTML5 and JS games using the ImpactJS engine, including the Pixel Prophecy game and multiple mobile adventure game prototypes
- Created mobile versions of games on iOS and Android using CocoonJS
- Implemented game code using ImpactJS for web and mobile versions, and developed Ruby on Rails backend for games Zaopiekuj Się Mną and Szlachecka Przygoda for Zielona Sowa and Nowa Era respectively.

Javascript / Ruby on Rails Developer Alpaca Adventures

2013 - 2014 BIAŁYSTOK, POLAND

- Developed HTML5 and JS games using the ImpactJS engine, including Treasure River, Bunny Smash, Fire Truck, and Cup of Tears for the company, and for external clients, such as the promotional game Apap Memory
- Implemented game mechanics and features using JavaScript and backend features in Ruby on Rails, such as scoreboards

PHP / HTML Developer Yetiz Interactive

2011 - 2013 OLSZTYN, POLAND

- Tailored and optimized Concrete5 CMS and ecommerce module to meet client specifications
- Implemented customizations for the Center For Medical Weight Loss website and its admin panel

PHP / HTML Developer Agencja Interaktywna Receptor

05/2010 - 11/2010 OLSZTYN, POLAND

- Implemented new graphic designs and customized the Drupal CMS for websites visimind.pl and e-yups.pl

Work Experience

PHP / HTML Developer IQ Labs

2006 - 2009 OLSZTYN, POLAND

- Developed and maintained websites using Zend Framework, such as oboe.pl and wapacz.pl
- Provided technical support and backend solutions for SMS-based contests and promotions
